Qualification achievement

To achieve this qualification learners must achieve a total of five units of assessment.

All units are allocated a credit value which provides an indication of the size of the units in terms of total qualification time (TQT), 1 credit = 10 TQT.

All units have been assigned total qualification time (TQT) and guided learning hours (GLH):

- GLH is the average estimated time that a learner will spend under the direct supervision of the tutor /trainer and includes invigilated and practical assessments
- TQT is the average time a learner will spend carrying out unsupervised leaning activities such as assignments, course work etc. **PLUS** the GLH

The units set out what learners need to know and understand or be able to do and these are described in learning outcomes in units of assessment. The learning outcomes are defined by assessment criteria and these criteria must be assessed successfully for a learner to achieve each unit.

Achievement of the required five units will mean the qualification has been completed and will be subject to approval of a claim for certification. OAL will issue a certificate complete with the learner's name, the qualification title, the credits achieved, and the grade awarded.

Centres must ensure they understand all qualification requirements prior to the registration of learners and to carrying out assessment. Assessment of learners must not take place before the registration of the learner with OAL.

Centres must retain copies of learner assessment records for at least three years after certification. Registration and certification fees may be subject to change and centres should be fully aware of registration and certification end dates to ensure learners are not disadvantaged.
